

February 4, 1957

Dear Dr. Fenner

Thank you for yours of the 30th.

Esther and I will be pleased to join in the symposium, according to the programme sent.

I am assuming this has been cleared with our impresario (Syd), who is in charge of our itinerary. As far as I know, it's all OK.

Esther suggests the following alteration of her title:

"Lysogenicity and transduction in *E. coli*".

Thank you for making these arrangements-- we will be looking forward to seeing you.

Yours sincerely,

Joshua Lederberg
Professor of Genetics
